

Listing of Available Prizes

We will design a prize listing to match your age group. You are more than welcome to assist in the choice of prizes. They can be selected from our listing and/or from our catalogues. The choice is up to you!

The prizes listed below is an “upper level” listing and it can change at any time. Please ask for the detailed and most current listing when it is time to design prize brochures.

There is also the option to give the fund-raisers coupons worth 5% of their sales and to let them pick whatever they want from the catalogues!! You can choose the catalogue they use and they get to choose their own rewards! Teenagers LOVE this option. This can also be given as an option in conjunction with a prize list – offer “cheap” prizes up to a certain dollar value in sales, then offer “catalogue coupons” for higher levels of sales.
